

**Durability of wood and  
wood-based products —  
Definition of hazard classes of  
biological attack**

**Part 3. Application to wood-based panels**

The European Standard EN 335-3 : 1995 has the status of a  
British Standard

## Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee B/515, Wood preservation, upon which the following bodies were represented:

British Wood Preserving and Damp-proofing Association  
 Chemical Industries Association  
 Creosote Council  
 Department of the Environment (Building Research Establishment)  
 Electricity Industry in United Kingdom  
 Institute of Wood Science  
 National House-building Council  
 Timber Research and Development Association  
 Timber Trade Federation

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

Association of Consulting Scientists  
 Imperial College of Science and Technology

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 April 1996
