

Specification for

Dial test indicators (lever type) for linear measurement

ICS 17.040.30

Cooperating organizations

The Mechanical Engineering Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following:

Associated Offices Technical Committee	Department of the Environment (PSA)
Association of Consulting Engineers	Department of Trade (Marine Division)
Association of Hydraulic Equipment Manufacturers	Department of Transport
Association of Mining Electrical and Mechanical Engineers	Electricity Supply Industry in England and Wales
British Compressed Air Society	Engineering Equipment Users' Association
British Electrical and Allied Manufacturers' Association (BEAMA)	Federation of Manufacturers of Construction Equipment and Cranes
British Gas Corporation	Health and Safety Executive
British Gear Manufacturers' Association	Institution of Gas Engineers
British Internal Combustion Engine Manufacturers' Association	Institution of Mechanical Engineers
British Pump Manufacturers' Association	Institution of Plant Engineers
British Steel Corporation	Institution of Production Engineers*
British Steel Industry	Lloyd's Register of Shipping
British Valve Manufacturers' Association Ltd.	London Transport Executive
Cbmpe	Machine Tool Industry Research Association
Chartered Institution of Building Services	Ministry of Defence*
Crown Agents for Oversea Governments and Administrations	National Coal Board
Department of Industry (Mechanical Engineering)	Oil Companies Materials Association
Department of Industry (National Engineering Laboratory)	Process Plant Association
	Society of Motor Manufacturers and Traders Limited
	Telecommunication Engineering and Manufacturing Association (TEMA)

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this British Standard:

Department of Industry (British Calibration Service)	Gauge and Tool Makers' Association
Department of Industry (National Physical Laboratory)	Co-opted expert

This British Standard, having been prepared under the direction of the Mechanical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 31 March 1981
