

# Fixed resistors for use in electronic equipment —

## Part 9-1: Blank detail specification — Fixed surface mount resistor networks with individually measurable resistors — Assessment level EZ

The European Standard EN 60115-9-1:2004 has the status of a  
British Standard

ICS 31.040.10

## National foreword

This British Standard is the official English language version of EN 60115-9-1:2004. It is identical with IEC 60115-9-1:2003.

The UK participation in its preparation was entrusted to Technical Committee EPL/40X, Capacitors and resistors for electronic equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

### Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 11 and a back cover.
