

# Safety requirements for electrical equipment for measurement, control, and laboratory use —

**Part 2-010: Particular requirements for  
laboratory equipment for the heating of  
material**

The European Standard EN 61010-2-010:2003 has the status of a  
British Standard

ICS 19.080; 71.040.20

## National foreword

This British Standard is the official English language version of EN 61010-2-010:2003. It is identical with IEC 61010-2-010:2003. It supersedes BS EN 61010-2-010:1995 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/66, Safety of measuring, control and laboratory equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**
