

Vitrified clay pipes and fittings and pipe joints for drains and sewers —

Part 10: Performance requirements

The European Standard EN 295-10:2005 has the status of a British Standard

ICS 23.040.50

National foreword

This British Standard is the official English language version of EN 295-10:2005.

The UK participation in its preparation was entrusted to Technical Committee B/505, Wastewater engineering, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
