## Part 5: Switches

The European Standard EN 13232-5:2005 has the status of a  
British Standard

ICS 45.080

## National foreword

This British Standard is the official English language version of EN 13232-5:2005.

The UK participation in the preparation was entrusted to Technical Committee RAE/2, Railway track components, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
