

**Aircraft equipment —
Environmental and operating
conditions for airborne
equipment —
Humidity, temperature and
pressure tests**

ICS 49.020.00

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/58, Environmental and operating conditions for aircraft equipment, upon which the following bodies were represented:

Civil Aviation Authority
Federation of the Electronics Industry
Ministry of Defence
Society of British Aerospace Companies
Society of Environmental Engineers

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on
15 June 1996
