SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.

ACKNOWLEDGMENTS

The leadership of the S-18 Committee would like to thank the actively contributing committee members, and their sponsoring companies, for the time, effort, and expense expended during the years of development of this document. Without the experience, cooperation and dedication of these people, development of this document would not have been possible.

Thanks to the following committee members.

*John Dalton, Chairman	Boeing Commercial Airplane Group
*Larry Lacy, Vice Chairman	Rockwell Collins Avionics
Michael Burkett	Allison Engine
Dale Davidson	Honeywell Commercial Div.
*Jeff Hasson	Boeing Commercial Airplane Co.
Jean Pierre Heckmann	Aerospatiale
Jay Myers	SAE
*Claus Nagel	Daimler Benz Aerospace
*Barbara Pederson	Rockwell/Collins, General Aviation
*Eric Peterson	Honeywell Air Transport
*Michael Peterson	Honeywell Air Transport
Brett Portwood	Federal Aviation Administration
*Warren Prasuhn	Rockwell/Collins, Air Transport
Tilak Sharma	Boeing Commercial Airplane Co.
Gerry Southcombe	British Aerospace
James Treacy	Federal Aviation Administration
Andrew G. Ward	Rolls Royce
Steve Wilson	Allied Signal, General Aviation
