Milk –**Determination of urea content –****Enzymatic method using difference in pH (Reference method)****(ISO 14637:2004)****English version of DIN EN ISO 14637:2007-03****Milch –****Bestimmung des Harnstoffgehaltes –****Enzymatisches Verfahren mit pH-Änderung (Referenzverfahren) (ISO 14637:2004)****Englische Fassung DIN EN ISO 14637:2007-03**

Document comprises 17 pages

National foreword

This standard has been prepared by Subcommittee SC 5 "Milk and milk products" (Secretariat: NEN, The Netherlands) of Technical Committee ISO /TC 34 "Food products" (Secretariat: MSZT, Hungary) in collaboration with Technical Committee CEN/TC 302 "Milk and milk products — Methods of sampling and analysis" (Secretariat: NEN, The Netherlands).

The responsible German body involved in its preparation was the *Normenausschuss Lebensmittel und landwirtschaftliche Produkte* (Foodstuffs and Agricultural Products Standards Committee), Technical Committee *Chemische und physikalische Untersuchung von Milch und Milchprodukten*.

The DIN Standards corresponding to the International Standards referred to in the EN are as follows:

ISO 707	DIN EN ISO 707
ISO 5725-1	DIN ISO 5725-1
ISO 5725-2	DIN ISO 5725-2

National Annex NA (informative)

Bibliography

DIN EN ISO 707, *Milk and milk products — Guidance on sampling*

DIN ISO 5725-1, *Accuracy (trueness and precision) of measurement methods and results — Part 1: General principles and definitions*

DIN ISO 5725-2, *Accuracy (trueness and precision) of measurement methods and results — Part 2: Basic method for the determination of repeatability and reproducibility of a standard measurement method*

December 2006

ICS 67.100.10

English Version

Milk - Determination of urea content - Enzymatic method using difference in pH (Reference method) (ISO 14637:2004)

Lait - Détermination de la teneur en urée - Méthode enzymatique par mesurage de pH différentiel (Méthode de référence) (ISO 14637:2004)

Milch - Bestimmung des Harnstoffgehaltes - Enzymatisches Verfahren mit pH-Änderung (Referenzverfahren) (ISO 14637:2004)

This European Standard was approved by CEN on 13 November 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
