BRITISH STANDARDS INSTITUTION

Incorporated by Royal Charter

British Standards House, 2 Park St., London W1Y 4AA

Telegrams: Standards London W1

Telephone: 01-629 9000

THIS BRITISH STANDARD, having been approved by the Solid Fuel Industry Standards Committee, was published under the authority of the Executive Board on 16th December, 1969.

First published, September, 1964.

First revision, December, 1969.

SBN: 580 05963 4

The Institution desires to call attention to the fact that this British Standard does not purport to include all the necessary provisions of a contract.

In order to keep abreast of progress in the industries concerned, British Standards are subject to periodical review. Suggestions for improvements will be recorded and in due course brought to the notice of the committees charged with the revision of the standards to which they refer.

A complete list of British Standards, numbering over 5000, fully indexed and with a note of the contents of each, will be found in the British Standards Yearbook, price 20s. The BS Yearbook may be consulted in many public libraries and similar institutions.

British Standards are revised, when necessary, by the issue either of amendment slips or of revised editions. It is important that users of British Standards should ascertain that they are in possession of the latest amendments or editions.
