

# **Noise and vibration control on construction and open sites**

## **Part 2. Guide to noise and vibration control legislation for construction and demolition including road construction and maintenance**

ICS 17.140.20; 17.160; 91.200

## Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/209, General building codes, to Subcommittee B/209/17, Noise control on open sites, upon which the following bodies were represented:

Association of Consulting Engineers  
British Aggregate Construction Materials Industries  
British Coal Corporation  
British Compressed Air Society  
Building Employers' Confederation  
Chartered Institute of Environmental Health  
Concrete Society  
Construction Health and Safety Group  
Construction Plant-Hire Association  
Department of the Environment (Building Research Establishment)  
Department of the Environment (Pollution Control and Waste Directorate)  
Federation of Civil Engineering Contractors  
Federation of Dredging Contractors  
Federation of Piling Specialists  
Institution of Civil Engineers  
Sand and Gravel Association Limited

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 May 1997
